

Life Strategies Feature of the Month: March 2013

20th Anniversary Celebration

Life Strategies is turning 20 this March! Since 1993, our project-based organization has been supporting individuals and organizations to be the best they can be. Over the years our services have changed and our scope has expanded - through e-learning initiatives and virtual offices we are connected to colleagues and clients on six continents! We work with clients and students throughout the world - from remote regions in Northern Canada to such world-class cities as Dubai and Hong Kong.
